Reason for Amendments:

We are filing amendments for our April 1, 2003 through February 29, 2004 reports because we have uncovered a database glitch. Several of our contributions from PAC's, Town(Party) Committees, and Candidate Committees were inadvertently entered into our database as type=individual. When we corrected the problem, this caused previous reports to change. Specifically- lines 11-A-i, 11-A-ii, 11-A-b, and 11-c were adjusted. The bottom-line totals for contributions (Lines 11-d) did NOT change; only contributions were moved from individual to PAC/Committee.

Also, the reports for 10/31/03 through 12/31/03 were pre-emptively amended per discussions with Jennifer Jones to move salaries previously reported on line 21b to line 30b. Previous corrections have been made to Schedule D and corrected on Summary, and the November, December, and Year-End Reports have been updated to now reflect correct totals.

As per discussions with Jennifer Jones and per 11CFR 106.7, the committee has chosen not to allocate allocable expenses. No transfer from non-federal accounts will be made. Our Federal account will pay 100% of allocable expenses.
